ALL ABOUT ME

American Idol may be over, but fans can now re-create contestants' looks with Me by {Me}zhgan, a new makeup line by the show's lead makeup artist Mezhgan Hussainy. Hussainy used the line on both male and female contestants and the judges. "They love the products because it doesn't feel like they are wearing anything," she says. A surprise fave? "The guys really like my eyelash curler." Simon, say it ain't so!
